

*(Rylander)
consultant*

December 11, 1972

Ragnar Rylander, M.D.
Assistant Professor
The National Swedish Environment Protection
Board
Department of Environmental Hygiene
Stockholm 60
Sweden

Dear Ragnar:

It was indeed a pleasure to have you visit with us last week and we are delighted to have you come aboard as our representative to INBIFO. I am enclosing a copy of the consultant agreement signed by Dr. Wakeham for your files.

In regard to your remuneration, I have checked with our accounting people and find that the best arrangement would be that you send us a bill for professional services every three months, this can be prepaid. Thus, you would send me a bill now for \$2,250.00 which will be payment for the nine days due us in the period of January 1 to March 31. We will then transmit this check directly to your account: Societe de Banque Suisse, Account 170.304/1, Casa Postale 1211, Geneva 11. Your expenses for 3 months can then be submitted at the end of March with your next bill. Apparently this is the easiest way for us to handle it.

I am enclosing a copy of my Telex to Dr. Hackenberg informing him of your new role. He has just replied saying he is delighted. I am presently working out some dates for our joint visit to Cologne and will let you know as soon as possible.

I trust you had a good trip home.

With best personal regards to you and your family.

Sincerely,

T. S. Osdene, Ph.D.
Director of Research
